Hello,

Below are discussion topics for our EFED internal neonic meeting scheduled for tomorrow, Wednesday June 8th. The bulk of the time will probably be in the weeds of biologist-related study analysis, but we can start the meeting with a shorter discussion topic that is probably relevant to the fate scientists, as well. If these topics aren't relevant to you, feel free to skip!

Ex. 5 - Deliberative Process

Thanks,
Monica

Hello everyone,

This meeting will be a biweekly check-in for the imidacloprid, clothianidin, thiamethoxam, and dinotefuran teams across EFED. It can serve as a platform for coordination across teams and with PRD, a time to discuss technical issues and compare notes, and to help keep everyone

engaged and on track as we continue to work through the neonic pollinator PRAs.

If you have any agenda topics, feel free to send them to me as they arise, and I can compile them as the meeting draws near. If there's nothing to discuss for a given date, we will cancel.

Thanks,
Monica
